
Location

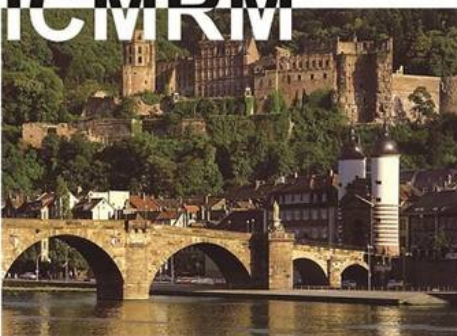

Beijing, China

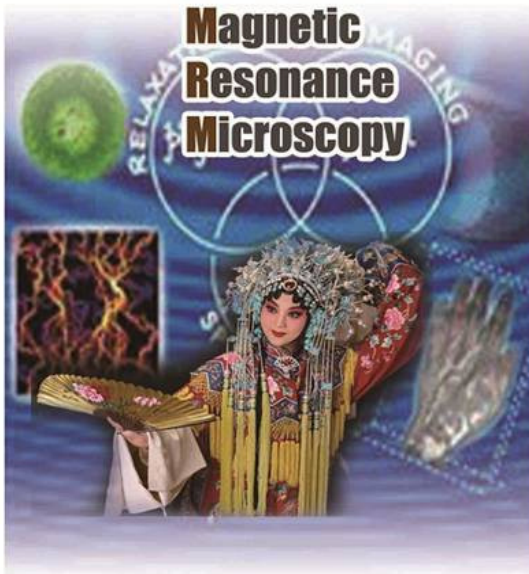

Background

The objectives of the ICMRM are to communicate recent developments in spatially resolved magnetic resonance methods and their applications. The first ICMRM was held in 1991 in Heidelberg and was originally known as the "Heidelberg Conference". It is the biannual conference of the Division of Spatially Resolved Magnetic Resonance of the AMPERE Society.

ICMRM

The 11th International Conference on Magnetic Resonance Microscopy

August 14-18 , 2011 , Beijing , China

First Circular

www.cup.edu.cn/icmrm11

International Committee

Committee of the Division of Spatially Resolved Magnetic Resonance of the AMPERE Society.

Advisors:

Bruce Balcom Bernhard Blumich
Paul Callaghan Eiichi Fukushima

Scientific Program Committee:

Henk Van As Peter Basser Mike Johns
Katsumi Kose Hao Lei Gengying Li Juan Li
Yi-Qiao Song Lizhi Xiao

Organizers

 China University of Petroleum
China Society of Magnetic Resonance

Important Dates

Deadline for Abstract Submission:
March 30, 2011

Announcement for Acceptance of Abstracts:
April 30, 2011

Deadline for Online-registration:
July 30, 2011
